requested that with the approval of the Board they ask for a "leave to withdraw". He again urged the Council to be concerned with the right-to-work people as they are sending literature into the factories and they are involved in various strikes. He stated that if the House is cut there will be more anti-labor legislation and no more right to free petition. He reported that there are people in the labor movement who want to cut the House. He urged the Council to look into the future and get the young people interested in labor. He stated that this year they have cut the number of Committees from 36 to 18 and there is no longer a Labor and Industries Committee but a Commerce and Labor Committee. Report accepted.

President Camelio stated that at the last Council meeting the possibility of filing a bill to clarify the Unemployment Compensation Law during a lockout was discussed. He stated that he had contacted Brother Joseph Sullivan, Brother Edward Sullivan, and Brother Peterson and obtained much information from them. Executive Vice President Sullivan explained the recent situation involving the lockout of the Meatcutters and pointed out that in Connecticut they were paid during this dispute. A motion was made and seconded that an appropriate bill be drawn up and filed.

President Camelio stated that he had received a request from Area Director of the AFSC & ME, Michael Botelho, to appear before the Board.

Brother Botelho expressed his gratitude for the opportunity to present the problem to the Council and introduced Barbara Fifield, Secretary and Director of Organizing, Local 1776, AFSC & ME, University of Massachusetts.

Sister Fifield pointed out that they are organizing at an institution of higher learning at which there are over 2,000 supporting staff people who are referred to as non-professionals. She stated that the supporting staff is an important factor and should no longer receive last priority in its administration consideration. All which they request is that the University be recognized as the employer and they as the employees. She stated that the University does everything it can to oppose collective bargaining. She cited as an example a statement which was issued by the MSEA (the independent union which has been on the campus for 20 years) stating that certain conditions were the results of negotiations with them. The AFSC & ME Local requested that the Administration repudiate this by an official statement. This was never done. She stated that this is an anti-union stand and should be treated as all others are. She appealed to the people to recognize the University as an employer and to recognize the right of the employees to have an election. She requested the Council's support on this.

Brother Botelho stated that there seems to be a conspiracy between certain department heads and the independent union. He stated that they have petitioned for 6 units at the University. He stated that they need the council's help and he recommended that the President of the Council be authorized to select a committee to sit with the AFSC & ME and heads of the University to ensure that the policy of the University is one of neutrality. A motion was made and seconded that the recommendation be adopted.

President Howard Doyle, Council 41, then addressed the Council. He stated that approximately 3 years ago a resolution was submitted to the Convention to defeat this independent organization, MSEA. The resolution was referred to the Executive Board. He reported that the AFSC & ME has won elections in the Department of Correction and the Division of Employment Security and he expressed his thanks for the neutrality of the Director. He reported that in the next few months elections will be held in the Department of Mental Health, and the MDC. He informed the Council that they are dealing with a \$4.00 a year organization, which uses a seal similar to that of the state.

Director Lavigne stated that when the legislation which provided for fiscal autonomy for the University of Massachusetts was in the process of being enacted, President Lederle and Dean Redfern haunted the office of the Massachusetts State Labor Council to send people to the Legislature to plead the case for fiscal autonomy. He informed the Council that he personally appeared on behalf of this cause. He stated that this is a great University. When the time came for them to seek assistance for their program, they came to the AFL-CIO because they realized labor in Massachusetts was contributing the greatest amount of tax dollars to the Commonwealth and labor's voice would be important in support of their program. Labor did not interfere in the establishment of the School of Business Administration at the University and he pointed out that labor expected the same courtesy in relation to the Labor Relations and Research Center. Director Lavigne pointed out that he had expressed these sentiments at the University and when he found labor having little voice in the operation of the Center, he severed connections with the University of Massachusetts. He said that Dean Redfern continues to use labor. It is time that we told him that labor is entitled to fair treatment at the University of Massachusetts even in organizing the people employed there.

The meeting recessed for lunch at 1:00 p.m.

The meeting reconvened at 1:45 p.m.

President Camelio read a telegram which was received from Vice President Litano relative to endorsing Ralph Froio for reappointment to the Pittsfield Housing Authority. A motion was made and seconded that a letter be forwarded to the Governor endorsing Ralph Froio.

#### SECRETARY-TREASURER'S REPORT

Secretary-Treasurer Loughlin reported that the first meeting of the Committee on Organization and Affiliation proved to be very constructive. He reported that a subcommittee had been set up to effectively initiate the programs discussed. He said that the locals will be broken down by internationals and that a speaker's handbook will be printed. He again urged the cooperation of all the Vice Presidents in this endeavor. He stated that through the effort of Vice President Wall he was able to address the Executive Board of Local 1500 in Chicopee. He requested the Vice Presidents to send to him their list of locals and membership. Report accepted.

Vice President Svizzero called to the attention of the Council members the bills relating to Master Plumbers, Plumbers and Apprentices which would make drastic changes in the present law and would adversely affect the employment of members of some local unions. He stated that these bills were filed by the Plumbers Association. Vice President Svizzero requested that the Council take a position on these bills. Executive Vice President Sullivan made the motion which was seconded that the Council oppose the bills which Brother Svizzero spoke about. It was so voted. The bills were as follows: Senate No. 586, Senate No. 634, House No. 2259, House No. 3729, and House No. 3730.

Executive Vice President Sullivan made a motion which was seconded that Mrs. O'Donnell be presented with an appropriate gift from the Council at the Testimonial Dinner in her honor, March 30th. It was so voted.

The meeting recessed at 1:30 p.m. and reconvened at 2:30 p.m.

#### SECRETARY-TREASURER'S REPORT

Secretary-Treasurer Loughlin again stressed the importance of local unions affiliating with the Council. Secretary-Treasurer Loughlin stated that it was called to his attention that a circular letter was to be issued authorizing insurers and self-insurers to pay compensation for a limited period of weeks without entering into an agreement under Chapter 152, Section 6 - that is to say, authorizing payment "without prejudice." He stated that this would be a step backwards. He explained that the Chairman of the Industrial Accident Board and the members were contacted and that they met with the Governor on this matter. He further stated that it was through the efforts of Governor Volpe that this move was stopped. Report accepted.

President Camelio again pointed out the need to have the various commissioners and representatives of labor serving on the various boards and committees be invited to address the Council.

Vice President McSweeney reported on a meeting of the Blue Cross-Blue Shield relative to covering dental care under a similar program. He stated that he had been assigned by the Council to sit on this Board as a labor representative. He stated that this would put the normal dental care for your family under a plan which Blue Cross and Blue Shield would service. He reported that the one obstacle is that the dentists have not agreed to a contract. Report accepted.

Secretary-Treasurer Loughlin stated that the Veterans Association in Worcester was going to start a clinic in Vietnam commemorating the men from Worcester who lost their lives. He stated that President Meany was coming to Worcester to launch and to support this project and he requested the support of the Council. It was voted to refer this matter to the Executive Officers.

#### PRESIDENT'S REPORT

President Camelio reported that as a result of the February 29th Conference on Social and Welfare Problems the Council has sent a letter to the Governor requesting that a special commission be appointed to investigate the high costs of hospitals. He further reported that the leadership in both the House and the Senate has been contacted by letter informing them of the position of the Council on this matter. President Camelio thanked everyone for helping to make this Conference a success.

#### COPE DEPT. REPORT

Director Callahan reported that the compilation of the union membership list has been moving slowly. He stated that he had met with the Framingham Central Labor Council and has set up a Conference on COPE and the OEO Program. He again reminded the Council members of the Gompers-Murray Dinner which will be held on May 25th. He informed the Council members that in a special election Louis Buttiglieri was re-elected to the House. He reported that the new third Congressional District looks like a problem. He stated that at the present time there is no complete information on the redistricting available. He reported that the central labor bodies may submit the names of candidates for endorsement to the COPE Conference. He reported that Executive Vice President Sullivan and himself were sworn in as members of the Minimum Wage Commission. Report accepted.

President Camelio explained about being a delegate to the Democratic Convention. He reported that a letter was sent to the Democratic State Committee urging them to put people from this organization on. He stated that he found out he was a delegate to the convention only when he read it in the Sunday paper. He stated that after thinking the situation through he withdrew as a delegate and only two labor delegates remained. He stated that he wasn't put on as a delegate because of any action of the Council.

Vice President McLaughlin made the recommendation that the Vice Presidents read "Capable of Honor" by Allen Dewey in order to get a better insight into the Vietnam situation.

Vice President McCarthy stated that at a previous meeting it was agreed that there would be a high level meeting with the President of the University of Massachusetts and AFSC & ME Local 1776 to discuss their problems. President Camelio stated that President Lederle has been contacted on this matter.

Meeting adjourned at 3:30 p.m.

Respectfully submitted,

JAMES P. LOUGHLIN  
Secretary - Treasurer

## SUPPLEMENT

MINUTES  
EXECUTIVE COUNCIL MEETING  
MASSACHUSETTS STATE LABOR COUNCIL  
PARKER HOUSE, BOSTON  
March 21, 1968

### FINANCE COMMITTEE REPORT

The regular order of business was suspended in order that Vice President Edward Brunelle could make the report of the Committee which was appointed to review some of the financial aspects of the Council and present their findings to the Board.

It was stated that this wasn't any reflection on any member of the Council.

The Committee consisted of the following: President Camelio, Secretary-Treasurer Loughlin, Executive Vice Presidents Murray and Sullivan, and Vice Presidents Brunelle, Roberts and Svizzero.

Vice President Brunelle reported the following:

I. Report of total income and expenses quarterly in the following manner:

(Vice President Roberts explained that this would be an itemized report which would be submitted to the Council each quarter. He stated that because of the information contained in the report after every member of the Council examined and studied it, it would be returned.)

1. All moneys - per capita tax, etc. be reported on a quarterly basis.
2. All COPE moneys and expenses of COPE be reported on a quarterly basis.
3. All office expenses
4. Wages and salaries for all employees
5. Individual expenses for officers and staff
6. Expenses of special meetings, conferences and conventions.

It was voted to accept the committee's recommendation of the above six-point program.

II. Delinquent notices

The committee recommended that a delinquent notice similar to the ones used by retail stores be sent out to local unions one month and over in arrears in per capita tax and that a delinquent letter should be sent with the bill to all local affiliates in arrears after 6 months. A further recommendation was made that the area Vice Presidents be notified of the local union in his area in arrears. It was voted to approve the committee's recommendation.

A discussion ensued as to the advantages of monthly billing. A motion was made by Vice President Craig which was seconded that a resolution be drafted and submitted to the next convention to change the Constitution so that per capita tax would be paid on a monthly basis. So voted.

### III. Compulsory Retirement

Vice President Brunelle pointed out that the committee had much discussion on this. He further stated that this would require a constitutional change. He stated that the committee recommends that a Constitutional Amendment be presented whereby any paid official or staff (elected or appointed) who has reached his 65th birthday cannot be elected or appointed. However, if he is not 65 at the time of the election or the appointment but will be reaching his 65th birthday during his term, he shall be permitted to seek election or appointment. He stated that this would become effective October 1, 1969.

A lengthy discussion followed in which many of the Council members participated.

A motion was finally made by Vice President Dyson which was seconded that this recommendation be laid on the table. The vote was taken by a show of hands - 11 in favor - 6 opposed. The chair ruled that the motion carried.

A further discussion ensued after which Vice President Dyson made the motion which was seconded by Vice President McLaughlin that it be taken off the table and referred back to the committee for further study. An amendment was then made that the committee notify all of the members of the Executive Council of the date on which their meeting would be held and that any member wishing to attend may be present. A discussion on the amendment then followed. A vote was then taken on acceptance of the amendment - the chair ruled that the vote didn't carry and the amendment wasn't accepted.

The motion to refer the matter of compulsory retirement back to the committee for further study was then voted on. Motion carried. Vice President Roberts and Executive Vice President Sullivan wished to be recorded as opposed.

### IV. Yearbook

It was the committee's recommendation that a meeting be held with the agent who handles the yearbook and all other interested parties and that the Council decide which would be the best. A motion was made and seconded that the committee's recommendation be approved. Motion carried.

#### LEGISLATIVE DEPT. REPORT

He stated that he believes that the officers are doing a good job but that perhaps he could do better. He stated that he would submit to the convention reform resolutions.

Director Broyer explained the Generic Drug Bill and stated that supporting this bill would be in keeping with the National AFL-CIO Policy. Vice President O'Donnell stated that the Council should support the bill with some built in protection. She informed the Council that the Consumer's Council had taken a position in favor of this bill. A motion was made by Vice President O'Donnell and seconded by Vice President Roberts that the Council support this bill. It was so voted.

Director Broyer stated that the Legislature had been informed that we support the bill which would place non-profit institutions under the State Labor Relations Law and that this will be a recorded vote. He reported that the bill placing all authorities and non-profit institutions under the Unemployment Compensation Law received a favorable report. Also receiving a favorable report was the bill which would extend from two to three weeks (sick leave) in Unemployment Compensation. He stated that the holiday bill passed and that we should vote to continue the long weekends. He reported that the bill for half day on Election Day was dead. He reported that the bill relative to Unemployment Compensation (slide and scale) was referred to Committee for study which would report in December. He stated that in case the Commission doesn't report or meet the bill should be filed. In Workmen's Compensation he stated that it looked pretty good for the additional 10% penalty if a person goes to court and the Commission rules that they prolonged the case. He reported that the bill pertaining to plant monitoring was still pending and that it looked as if it might be amended. He reported that the stilts bill was referred to the next annual session.

He stated that there were many anti-injunction bills which had to be opposed. He pointed out that there was much anti-labor legislation filed. He called to the attention of the Council a bill which would change the 11 o'clock law to 12; allow women 18 years of age to work until 12; and allow a half hour lunch period for restaurant employees. He pointed out that they are using Section 7 of the Civil Rights Law for support. Director Broyer stated that all of the other such laws would be jeopardized if this case went to court. A lengthy discussion followed on this legislation in which many of the Council members participated. A motion was made which was withdrawn that the Legislative Director be instructed to take no official position on this. A further discussion both in favor of and in opposition to the legislation ensued. Director Broyer finally made the recommendation that the Board take no position on this. Recommendation approved. Report accepted.

## EDUCATION DEPT. REPORT

Director Lavigne reported that the scholarship winners had been selected and that a list was distributed to the Vice Presidents. A motion was made to accept his report. Exec. Vice President Sullivan amended the motion that the Director be complimented for doing a fine job on the scholarship program. It was so voted.

## LEGISLATIVE DEPT. REPORT

Director Broyer reported that the following bills are still pending -- the bill placing non-profit institutions under the State Labor Relations Law, the Workmen's Compensation Bill charging 10% interest, the bill placing authorities under Unemployment Compensation, and the bill placing non-profit institutions under Unemployment Compensation. He reported that the roll calls on the lock-out bills will be forwarded to each local union. He stated that three letters were sent to the House of Representatives advising them of our position in favor of this bill. He stated that this was a late filed bill and that there never was an agreement made on this bill that it should be referred to study.

President Camelio outlined the sequence of events on the lock-out bill in detail. He reported that the officers of the Council met with Director Broyer and discussed this matter. He further reported that bills will be referred to study only on the instructions of the officers of the Council; however, there are times - during prorogation - when we have to rely entirely on the Legislative Director. He stated that they met with the Speaker on this matter and it was the Speaker's understanding to refer this bill to study. He stated that Mr. Hill said that after checking into the matter further no agreement to refer this bill (Lock-out Bill) to study had been made. A lengthy discussion followed on this in which many of the Council members participated. Executive Vice President Murray pointed out that three Republican representatives voted with labor on this bill. Executive Vice President Sullivan asked if this bill was referred to the Committee on which Brother Murray serves and which has never met as there was some discussion as to a new committee being appointed. As per phone call during the meeting, Director Broyer reported that the bill had been referred to the inactive committee and that this would have the effect of activating the committee. Vice President McMahon made the recommendation that the roll call vote on the bill pertaining to the telephone workers be forwarded to the locals together with the roll calls on the lock-out. Recommendation approved. He also suggested that we take a look at reducing the size of the Legislature. Vice President McLaughlin read a questionnaire he had received from Rep. Hickey. He pointed out that we should support or reject political candidates on their records. A motion was made which carried to accept the report with the supplement report on the lock-out matter.

The regular order of business was again suspended and Valentine Murphy reported on the Commission Investigating the cause of the Blackout of which he is a member. Mr. Murphy reported that there are two labor people on this commission. He stated that he would see that nothing detrimental goes into the record as far as the AFL-CIO is concerned. He reported that the cause of the blackout has been determined and that safeguards have been taken which would prevent this from happening again. The suggestion was made that if the other labor member is unable to attend that he appoint a representative. It was voted to accept the report and to compliment Brother Murphy on making such a report to the Council.

The meeting recessed for lunch at 12:20 p.m. and reconvened at 1:30 p.m.

Director Lewis reported that the scholarship program had been a success. He stated that the program was well received by the students and that the scholarship was made to be a permanent fund. He also stated that the motion that the Director should be authorized to make the scholarship program a permanent fund was carried by a vote of 10 to 2.

WASHINGTON, D. C.  
JULY 17, 1914

TO THE PRESIDENT OF THE UNITED STATES  
FROM THE SECRETARY OF THE DEPARTMENT OF LABOR  
SIR: The following report was received from the  
Commissioner of the Bureau of Mines, dated July 15, 1914:

Very respectfully,  
J. H. ROBERTSON, Secretary of the Department of Labor.

Following the Legislative Director's Report Vice President Litano asked through the Chair if he might have a clarification of a letter forwarded to the Vice Presidents and central labor councils from the Brockton Central Labor Council and signed by its President, Francis Lavigne. Mr. Lavigne explained that at a meeting of the Brockton Central Labor Council following the receipt of the communications dealing with the roll calls on the lockout bill and his subsequent report relative to the attitudes and statements of representatives with whom he had been in contract that the confusion created required some explanation. As a result the Council authorized the letter which was drawn by President Lavigne and Secretary LaGrasta to be forwarded to all of the Democratic Representatives in the state in order that we might properly prepare ourselves for the upcoming election.

President Camelio again outlined in detail the sequence of events leading up to the defeat of the lockout bill. He stated that he believes that Speaker Quinn could have cleared up the whole situation by stating at the Democratic caucus that no "deal" was made.

Director Broyer stated that there was no "deal" made on this bill and he stated that he has never sent a bill to study or a committee without the consent of the officers. He also stated that it is his policy never to talk to the leadership alone.

#### EDUCATION DEPT. REPORT

Director Lavigne reported that the Harvard Trade Union Fellowship Program is now accepting applications and to date there have been 19. He stated that he has been spending time with students who have been rejected from the college of their choice in an effort to get them located in other schools. Report accepted.

#### COPE DEPT. REPORT

Director Callahan reported that the names of the people to serve on the Welfare Boards have been submitted to Commissioner Ort; however, there are still 13 areas in which there is no member of organized labor. He stated that he has notified the central labor councils of the procedure of endorsing in primaries. He also reported that the letters on the COPE Conference have been forwarded to the unions, etc. He stated that he was looking into the possibility of renting office space to set-up a political office.

Director Callahan reported that he spoke to Director Barkan relative to compiling the names for mailing lists. He stated that National COPE is in favor of using a Data Processing System which is currently in effect in 7 states. He stated that he met with a representative of this system. Director Callahan reported that in his opinion it would be more beneficial to the Council to purchase the required equipment from Addressograph. A motion was made by Vice President Stefani and seconded by Vice President O'Donnell that the machine be purchased. Secretary-Treasurer Loughlin amended the motion that the Executive Officers and staff look into this further and purchase this if it is in the best interest of the Council.

A discussion then followed. Vice President Rush then made the motion which was seconded by Vice President McLaughlin that \$15,000 be put aside to purchase the machine - \$3,000 of which be used for any unforeseen expenses. Vice President Rush then amended this that \$15,000 be set aside and that the officers be so instructed

to purchase the equipment. A substitute motion was then made by Vice President Anctil that the Executive Officers and Department Heads meet and purchase the equipment necessary if it is in the best interest of the Council. Motion carried. Report accepted.

Vice President Rush thanked Director Broyer, President Camelio and Secretary-Treasurer Loughlin for their help on the Police Bill. He stated that although their local is against civil service they had to accept this bill in order to protect their drivers.

President Camelio stated that he has been waiting for a resignation from Vice President Anderson and in view of the fact that he hasn't attended the last three meetings, he declared the office of Vice President-at-Large vacant.

A Roll Call of officers was then taken and the meeting recessed for lunch at 12:30 p.m.

Upon the declaration of the seat of Vice President Anderson vacant, Exec. Vice President Murray moved that John Baron, Retail Clerks, Quincy, be named by the Executive Council to fill the vacancy. The motion was seconded by Vice President O'Donnell. It was so voted.

President Camelio then declared Brother Olerio's seat vacant (Vice President-at-Large).

He stated that Brother Olerio wished to be invited to the Council meeting; however, he has been unable to arrange his schedule to be present.

The meeting reconvened at 1:15 p.m.

President Camelio requested that the Vice Presidents submit to him any names for appointment to Convention Committees.

President Camelio explained the possibility of transferring the Convention to the New Boston for endorsements and of the possibility of Vice President Humphrey attending.

#### SECRETARY-TREASURER'S REPORT

Secretary-Treasurer Loughlin stated that he was happy to report that the Carpenters affiliated with the Council on an at-large basis with a membership of 10,250. He stated that this is an increase of approximately 6,000 members. He thanked Vice President Anctil for making this possible. He stated that approximately 30 local unions were suspended due to per capita tax arrearage and that at the next meeting he will report on the Auditor's Report. He again emphasized the importance of making hotel reservations for the Convention. Report accepted.

President Camelio briefly outlined the speakers to be invited to the Convention.

Executive Vice President Murray called to the attention of the Council that Director Belanger has been appointed to the position of Regional Director of the United States Employment Agency of New England. He requested that the name of John Coleman be considered as Director of Employment Security. Vice President McCarthy stated that he too would be interested in this position. Senator Muskie attend the Convention. He also stated that the four resolutions as requested by the Council at the last meeting had been drawn up and filed including the per capita tax resolution. A lengthy discussion then ensued relative to the per capita tax resolution in which many of the Council members participated. Some Council members voiced their discontent with the manner in which this per capita tax increase was presented to them. President Camelio explained in detail the many causes which necessitated this increase -- purchase of new mailing equipment, withdrawal of UAW, increase in operating costs. He stated that he would like to see this organization move in the 20th century and that this can only be done if it has the necessary funds. He stated that he will support and speak on this resolution and that he hoped that the Board would also support the increase. Vice President McMahon stated that the minutes of the August meeting were read at the meeting of Local 201 and that they requested further information on this increase. Vice President Anctil made the recommendation that a resolution be submitted by which a committee be appointed to study the finances and the cost to put out a weekly or a monthly newspaper and have this for discussion at our next convention. President Camelio asked the Council to support the proposed 2¢ increase in per capita tax and he called upon officers of the Council to support this resolution. A roll call vote on the proposed 2¢ increase in per capita tax was then taken - 20 for - 5 against - those voting against gave reasons for their positions.

It was stated that the Constitution Committee wanted to hear the position of the Council on the matter of a per capita tax increase and requested that they meet with them on Wednesday.

Executive Vice President Sullivan questioned the position of the Council on the graduated income tax resolution. A motion was made by Vice President DiNunno which was seconded by Vice President Craig that this resolution be withdrawn. It was so voted.

The meeting adjourned at 5:05 p.m.

Board of the AFL-CIO. He said that he was of the opinion that nobody else was complying with Rule 10. Both Vice President Svizzero and Executive Vice President Sullivan stated that their unions had adopted resolutions opposing the signing of the ballot and requesting the abolishment of this rule. Secretary-Treasurer Loughlin reported that when he was in New York he had inquired how they handled this situation. Many Vice Presidents participated in the discussion on this matter and many suggestions were made relative to how the 1969 election of the Executive Board should be handled. It was suggested that perhaps this would be the time for a test of the authority of the AFL-CIO. It was finally voted to place this communication on file for future reference and that this matter again be discussed in the future.

From Stanton Smith, Coordinator, AFL-CIO, acknowledging receipt of communication submitting Constitutional Amendment on per capita tax for approval. Voted received and placed on file.

President Camelio then turned the chair over to Executive Vice President Murray and he made the motion that the per capita tax be paid on a monthly basis starting on January 1, 1969, and that all local unions be notified in advance of this change. It was voted to adopt the motion as amended.

#### RESOLUTIONS

The resolutions which were referred to the Executive Council were presented to the Council by Joseph Sullivan, Secretary of the Resolutions Committee. The Committee's recommendation was adopted on all of the resolutions without further discussion except on the following resolutions - Resolution No. 6, Support for Graduated Income Tax - this resolution was withdrawn by action of the Executive Council, September 3, 1968; Resolution No. 58, Support for Israel - a motion to table this resolution was defeated and it was then voted to concur with the resolution.

President Camelio announced that on November 8th at the IBEW Hall in Waltham the IBEW Local 1505 and the Mass. State Labor Council, AFL-CIO, will hold a conference relative to the War on Poverty.

Brother Bernard Murphy, Amalg. Transit Union, Waltham then requested the Council to go on record against the elimination of any jobs on the Middlesex and Boston line. It was voted to go on record in support of this in view of the fact that Resolution No. 61 - Opposition to Curtailment of Service on MBTA and M & B was passed by the Convention.

#### COPE DEPARTMENT REPORT

Director Callahan reported that on September 25th a Humphrey-Muskie Rally was held at Motel 128 which proved to be most successful. He stated that the State Labor Council has purchased a station wagon for the purpose of distributing political literature and that the IBEW has been paying the cost of a driver. He further reported that the Bldg. Service Emps. Local 254 has loaned the Council a sound system. He stated that they have met with the candidates for Congress as well as the candidates for the House and Senate which were endorsed at the Convention. He reported that Director Broyer has been assigned to work with the Democratic Headquarters for Humphrey-Muskie in distributing literature. He further reported that most of the Central Labor Councils have opened headquarters. He informed the Council that David Sullivan from the Bldg. Service Emps. Int'l. Union has been appointed to work in Massachusetts on this campaign. He stated that on October 29th the BSEIU will hold a rally. He further reported that Muskie will attend and address a rally in Fall River on October 21st and that the businesses in this area have been most cooperative in closing their shops to allow their employees to attend this rally. He stated that the staff and officers of the Council have been most helpful in lending their assistance in this campaign. He further stated

that it appears that the Humphrey-Muskie campaign has gained added impetus in Massachusetts. He commended the staff and Vice Presidents for the tremendous cooperation which they afforded him in the campaign. Report accepted as very progressive.

A Roll Call was then taken.

The meeting recessed for lunch at 12:30 p.m. and reconvened at 1:30 p.m.

#### EDUCATION DEPT. REPORT

Director Lavigne explained that he has mustered together a workforce from the Brockton Central Labor Council who have forwarded over 2,000 letters in support of Senator Burke and Attorney Dinis to the people whose names were sent to the Council by the COPE Director. He stated that by analyzing the large number of names that only two international lists supplied, you can see the potential that the labor movement as a whole in Massachusetts could have. He stated that greater interest and concern in the Massachusetts State Labor Council could be achieved by following through with these lists of International Unions and through contact with the rank and file members as well as the officers a greater unity of the labor movement would be achieved. He stated that he believed that the action of this Council relative to per capita tax which has been taken over the last four years is a great step in securing the future of the labor movement. Report accepted.

#### PRESIDENT'S REPORT

President Camelio made the following recommendations as per Resolution No. 43 - Per Capita Tax Increase:- (1) obtain from local unions names of International Representatives, business agents, executive board members and stewards, (2) send out monthly paper, use mailing equipment to help organize the unorganized by soliciting help from other labor members, as well as to keep the labor members informed on the bills pertaining to labor, (3) utilize the use of radio and T.V. whenever it is necessary on key issues. Vice President DiNunno made the motion that the President's recommendations be approved. The motion was seconded by Vice President O'Donnell. It was so voted.

#### SECRETARY-TREASURER'S REPORT

Secretary-Treasurer Loughlin explained that the office had been broken into and because some material which would be used in making up the financial report was taken he was unable to have a financial report prepared for this meeting. He stated that the officers had met with Senator Brooke relative to Representative Gammal and he believes that the Senator has spoken to Mr. Gammal. Report accepted.

appropriate action to insure an adequate budget for the Mass. Labor Relations Commission. Secretary-Treasurer Loughlin stated that the Operating Engineers concur with the letter. A motion was made by Vice President Roberts which carried that the Executive Officers be empowered to take whatever action is necessary and to talk to the appropriate people to see that an additional amount is in the state's budget to cover the necessary personnel.

From Attorney Bernard Cohen re having Industrial Accident Board consider approving the deduction of a fair and reasonable specific amount which would represent the employee's spouse's share when cases such as heart, emphysema, etc. are being lump-summed. It was voted to submit this letter to the Workmen's Compensation Committee, Executive Officers, and Department Directors for study and recommendation.

Secretary-Treasurer Loughlin stated that Vice President Craig's mother passed away suddenly.

President Camelio stated that he, Secretary-Treasurer Loughlin and representatives of the Bldg. Trades Council and the Boston Central Labor Council met with the Firefighters and the Mayor of Boston relative to the Firefighters appeal. President Camelio stated that when a request comes to the Council in a situation such as this, it is the Council's responsibility to assist them in every way being mindful of the fact that it will push up the tax rate.

Secretary-Treasurer Loughlin stated that he was instructed by the Executive Board in the early part of the year to set up a bi-partisan meeting with Senator Parker, Senate President Donahue, Speaker Quinn, and Majority Leader Rep. Sidney Q. Curtiss. The only one the Secretary-Treasurer heard from was President Donahue's office informing him that the Senate President was desirous to sit down, if necessary alone, to discuss the tax situation. Secretary-Treasurer Loughlin reported that feeling that this would not solve any of the problems, he thanked President Donahue and no meeting was held.

Director Lavigne spoke about labor representation on the Housing Boards and explained the situation in Brockton. He stated that perhaps the law should be clarified as to the labor representative. It was voted to refer this matter to the Legal Counsel to see what action would be necessary in this matter, and to make recommendations.

President Camelio stated that he was requested by the Community Services Committee to hire five buses to take the retarded children to see the Boston Common. Sec.-Treas. Loughlin stated that this is usually done for the elderly but this year the request has come from the children. It was voted to have the Council support this trip.

Vice President McSweeney spoke about Blue Cross and Blue Shield. He reported that Brother Olerio was on this Board; however, he has not been attending the meetings. The matter of Brother Olerio's appointment to the Board was referred to the Executive Officers.

The meeting adjourned at 11:45 a.m.

Respectfully submitted,

JAMES P. LOUGHLIN  
Secretary-Treasurer
